

TasteQuest

YOUR PARTNERS IN FOOD

Who We Are

Tastequest is a leading importer & distributor of quality food from around the world.

We provide over 200 Ambient and Frozen products of the highest quality.

Our mission is to become the leading importer and distributor of niche world cuisine to the Food Service and Wholesale Industry.

What We Do

Operating from our offices in Theale, our facilities include a purpose-built freezer, chiller and a custom built warehouse with the ability to store over 1,000 pallets.

We have a knowledgeable and well-informed sales team, an effective distribution department and the highest standard of quality assurance.

We can also offer bespoke support and development with our specially designed demo-kitchen along with training and innovation for your business.

BRC Accreditation

- Full product traceability
- An effective food safety plan
- Part of a global professional community
- High levels of competence in all critical areas
 - Continually improving product quality
 - Excellent product and process control

A top-down photograph of a rustic kitchen scene. In the center-right is a shallow, wide-mouthed metal bowl filled with a thick, vibrant red sauce, possibly salsa or tomato-based. The bowl sits on a piece of coarse, light-brown burlap fabric. To the left of the bowl, a wooden cutting board is partially visible, with a silver fork resting on it. Several green and orange chili peppers are scattered around the scene: one green pepper is at the top left, another at the top right, and several others are at the bottom. In the bottom left corner, there is a small metal bowl containing a mix of black and white peppercorns. The background is a dark, textured wooden surface. Overlaid on the center of the image is a large, white, stylized logo that reads 'flow' in a cursive script, with the word 'sauces' in a smaller, white, sans-serif font directly below it.
